On 12/03/2025, Evergreen Garden Care Australia Pty Ltd (ACN: 003 123 162) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

### Reason for voluntary recall:

Some 1 L packs of Roundup N Natural\* Weedkiller have a New Zealand (NZ) front label which does not meet the Australian Agricultural Labelling Code requirements (no signal heading and active ingredient identifier on the front label). The affected packs have the correct back label which contains relevant safety directions and how to use instructions. Affected product has a front label containing a NZ website at the bottom left as indicated by the blue dashed box in the picture above.

### Hazard:

Absence of signal heading and active ingredient identifier on the front label results in label not providing all the required information to end users. Otherwise, the label contains all information relevant to the product.

### What to do:

Call Evergreen Garden Care Consumer Hotline 1800 635 797 for a refund or return the product to the retailer.
