

# Agvet chemical voluntary recall

## Covetrus Meloxicam Oral Suspension for Dogs - 10mL and 100mL

APVMA registration number: 90137

APVMA approved label number: 145801

Batch number(s): ALL25029

Sold by Provect in all states and territories between 01/05/2025 to 02/07/2025

On 08/07/2025, Headway Investments Pty Ltd (ABN 91 655 095 855) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

### Reason for voluntary recall:

The active constituent statement on the common leaflet has a typographical error and incorrectly states 0.5 mg/mL of meloxicam rather than 1.5 mg/mL of meloxicam.

The immediate label and primary label are not affected and state the correct active constituent concentration.

### Hazard:

This is a printing error on the leaflet only. The product itself has been manufactured correctly and meets all quality and safety standards. The efficacy and safety of the product is unaffected. The dose rate remains unchanged, as per the instructions on the immediate and primary label.

### What to do:

Refer to the immediate label (bottle) and primary label (carton) for the correct active constituent concentration. Affected customers will be contacted.

### For further information

Please direct all calls and any queries concerning this voluntary recall to your local Provect Distributor.

Alternatively, the Provect NSW Head Office can be contacted on (02) 8867 5144.
