Sold by agricultural retailers/wholesalers in all states and territories between 01/02/2025 to 15/04/2026

On 15/04/2026, SUMITOMO CHEMICAL AUSTRALIA PTY. LIMITED (ACN: 081 096 255) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

Reason for voluntary recall:

Sumitomo Chemical Australia Pty Limited has been notified by an Australian third-party packaging provider that certain 20 L co-ex smart cubes manufactured between 01/02/2025 and 28/02/2026 contain a manufacturing defect. The packaging defect relates to failures along the container's seam when drop tested on a particular orientation, as dangerous goods packaging. Although Sumi-Alpha Flex Insecticide is not classified as a "dangerous good" under the Australian Dangerous Goods Code and the insecticide itself remains safe and effective for use in accordance with the APVMA approved label directions. As a precautionary measure, a voluntary recall is being initiated for Sumi-Alpha Flex Insecticide packaged in these containers.

Hazard:

The defective containers in which Sumi-Alpha Flex Insecticide is packaged may present a safety risk to individuals handling the containers and to the environment.

What to do:

Instructions on how to identify and manage affected containers:

- 
1. All Sumi-Alpha Flex Insecticide inventory packed in a 20 L co-ex smart cube container received from 01/02/2025 should be checked to determine if it includes any of the listed batch numbers.
 2. Any person in possession of an affected batch that has been packaged in a 20 L co-ex smart cube container manufactured during this period should carefully handle and isolate the container, and place it in quarantine.
 3. Contact your Sumitomo Chemical Australia Pty Limited Key Account Manager or Customer Service to organise a stock return and refund or replacement.
