

Agvet chemical voluntary safety recall

PREMISE 200 SC TERMITICIDE

APVMA registration number: 49098

APVMA approved label number: 148461

Batch number: EJ12525001

Sold by pesticide retailers/wholesalers in all states/territories between 6/06/2026 to 14/07/2026

On 14/072026, 2022 Environmental Science AU PTY LTD (ABN 49 656 513 923) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

Reason for voluntary recall:

Containers from Batch EJ12525001 have been observed to exhibit swelling/expansion. As a precautionary measure, the affected batch is being voluntarily recalled to prevent further distribution and use of affected product.

Hazard:

Increased internal pressure within the container may compromise packaging integrity and could result in leakage, rupture, or bursting during storage, transport, handling, or use which may result in unintended exposure of people or the environment to the product.

What to do:

Distributors, retailers, and users should immediately cease sale, supply, and use of product from the affected batch. All stock from Batch EJ12525001 should be isolated and quarantined. Contact 2022 Environmental Science AU PTY LTD to organise a stock return.

For further information:

Please direct all calls and any queries concerning this voluntary recall to:
