

Agvet chemical voluntary recall

TBV Custom STVP Vaccine (*Streptococcus spp.*, *Photobacterium spp.*, *Vibrio spp.* and/or *Tenacibaculum spp.*) / fish / Disease in fish caused by *Tenacibaculum spp*

APVMA permit number: 92721

Batch number: BN24-190

Sold by Treidlia BioVet Pty Ltd in Victoria on 09/09/2026

On 17/09/2026, Treidlia BioVet Pty Ltd (ABN 85 150 496 138) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

Reason for voluntary recall:

An incorrect batch of custom inactivated vaccine was supplied to a single customer in Victoria. The incorrect product is being voluntarily recalled to prevent its further use.

Hazard:

Administration of the incorrect custom vaccine may result in inadequate immunisation against the target pathogen. Incorrectly vaccinated animals will require vaccination with the correct vaccine to aid in disease control.

What to do:

1. Inspect vaccinated animals immediately for any side effects and quarantine above-mentioned product (batch no BN24-190) on hand to prevent further use.
2. Please do not use any further vaccine from this batch.
3. Contact Treidlia BioVet to arrange return of unused vaccine.

For further information

Please direct all calls and any queries concerning this voluntary recall to:
