Veterinary Medicines Authority**

The *Agricultural and Veterinary Chemical Code Act 1994* (the Act) commenced on 15 March 1995. The Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the Act requires notices to be published in the *Gazette* containing details of the registration of agricultural and veterinary chemical products and other approvals granted by the Australian Pesticides and Veterinary Medicines Authority. The Agvet Code and related legislation also requires certain other notices to be published in the *Gazette*. A reference to Agvet Codes in this publication is a reference to the Agvet Code in each state and territory jurisdiction.

General information

The APVMA Gazette is published fortnightly and contains details of the registration of agricultural and veterinary chemicals products and other approvals granted by the APVMA, notices as required by the Agricultural and Veterinary Chemicals Code (the Agvet Code) and related legislation and a range of regulatory material issued by the APVMA.

Pursuant to section 8J(1) of the Agvet Code, the APVMA has decided that it is unnecessary to publish details of applications made for the purpose of notifying minor variations to registration details. The APVMA will however report notifications activity in quarterly statistical reports.

Distribution and subscription

The APVMA Gazette is published in electronic format only and is available from the [APVMA website](#).

Cancellation of outstanding Queensland Board Approvals

Prior to the commencement of the National Registration Scheme, the former Queensland Department of Primary Industries and Fisheries issued approvals for off-label use of pesticides (known as Queensland Board Approvals) across a range of horticultural and agricultural commodities and veterinary situations, commonly without expiry dates. As of 15 March 1995 these approvals became APVMA permits under transitional arrangements within the Agricultural and Veterinary Chemicals Code Act.

The APVMA cancelled most of the former Queensland Board Approvals under s 119(3) of the Agricultural and Veterinary Chemicals Code. Many of the cancellations occurred between 30 September 2010 and 31 March 2013; however, the 2 Queensland Board Approvals listed in Table 10 below were retained. The APVMA is now cancelling these 2 Queensland Board Approvals.

It will be a requirement for individuals and/or industries that seek to have these approvals continue past the designated cancellation date that a formal permit application must be lodged. Applicants will be required to address standard requirements for consideration of a minor use permit.

For further information in regard to the cancellation of these approvals, or the process and requirements for submitting a minor use permit, please see the contact information below.
